

Just at this time of year most of us feel like sitting under the shade and letting some of the things that need attention go undone, but pretty soon if we were to give way to our feelings we would regret having been so "lazy." There is much fruit and vegetables that need saving and it means now or never, hot or cold, rain or shine.

We have on hand a good supply of fruit jars, fruit jar rings for Mason jars, White Crown jar tops, rubbers, Economy jar tops, preserving powder, pure apple vinegar and white wine pickling vinegar; fly traps to catch the flies; kraut or meat jars; churns; pitchers for butter, milk, etc; covered jars, jugs, etc.

But Don't Work All the Time

You need some rest. If your chairs need a new bottom call on us for most any size. If you think of taking a vacation you will probably need trot lines, fish lines, fish hooks, etc. Maybe a cheap watch or drinking cup. We have them.

Cots, cot pads, single iron beds, mattresses and springs for same. School baskets for the children.

Tune up your horse, after a hard summer's work, with one of our Medicated Salt Bricks. Harness oil for the old dry harness. Buggy and wagon paint. Furniture paint, paint brushes, etc.

Come to see us.

CRAIG BROS. CO., Pickens

Local and Personal

The first session of federal court for the new Western district of South Carolina will convene at Rock Hill next Tuesday, the 14th. Among the grand jurors drawn to serve are A. B. Edens, Pickens, and John H. Ballentine, Easley. In the petit juror list is found the name of R. L. Henderson, Pickens. This is not mail carrier Henderson (whose initials are R. L.), but R. L. Henderson of route 5.

September 10 and 11 are the days to select your fall and winter suits for the approaching seasons. There are two announcements of openings in Pickens on those dates and you will have a wide range of the latest and best patterns to select from. Hamburger's man will be at Hobbs-Henderson Co.'s to help you select and take your measure, and Strouse & Bros.' man will be at Folger, Thornley & Co.'s to help you in the same way. Read the announcements.

The Pickens High School opened on the 6th with flattering prospects for a prosperous session. Rev. L. E. Wiggins offered prayer, and County Superintendent of Education Hallum made a short address as did, also, Rev. L. E. Wiggins and Rev. D. W. Hiott. The great temperance lecturer, Will D. Upshaw, came over from Easley and delivered an address of surpassing beauty interspersed with wit and humor. Prof. Melton presided and seemed pleased with the outlook.

We want to urge our readers to trade, as far as possible, with The Sentinel advertisers, because we can assure them good and honest treatment if they do. The men who spend money to invite you to their stores deserve your consideration and the merchants who advertise naturally sell the most goods and and therefore keep fresh goods and are in position to make you good prices. If you do not read the advertisements in The Sentinel every week you are missing many bargains which would save you many times the price of a year's subscription to the paper.

A Heartless Game Warden

Last week's Easley Progress says:
It is reported that seven young boys from this city, viz: Henry Bolt, Clarence Smith, Fielding Parrish, Willie Jones, Wayne Johnson, Furman Rogers and Paul Jameson, who went to the mountains in the upper section of the county last week on a camping expedition, were arrested by one Jesse Stribling, he claiming to be game warden of Oconee county, and carried them before a magistrate at Salem, a distance of eight miles from their camp, and without giving them any kind of a trial whatever, fined them \$5 each.

The boys claimed that they were doing nothing except bathing in the river; that they had permission from a Mr. Hinkle, on whose lands they were camping, to go in the river, and that while they had small rifles with them, they killed no game—were only shooting at targets and snakes. They say that the warden charged them with violating the "game law" at first, but later abandoned this charge and substituted a charge of "trespassing," claiming they did not have the written consent of the owner of the land to be camping there.

From what they say of the treatment they received from Stribling it looks more like a "holdup" game than the enforcement of the law. They were not even given the opportunity of communicating with their parents or of employing an attorney to defend them.

When it is known, however, that the game warden is entitled to one-half of the fines imposed it can be better understood why a crowd of unsophisticated boys should have been imposed upon and humiliated in such a heartless manner.

Card of Thanks

The members of the Woman's Christian Temperance Union wish to thank the ladies of the town and vicinity and the people in general, who so willingly and bountifully aided in the prohibition rally on the 2nd, and especially the editor of The Pickens Sentinel, who helped to make it a success.

Yours for a Dry State,
The Pickens W. C. T. U.
